BLUERIDGE LIGHTING ZONE CONTROLLER

ZC BASIC SERIES

BLUE RIDGE

DESCRIPTION

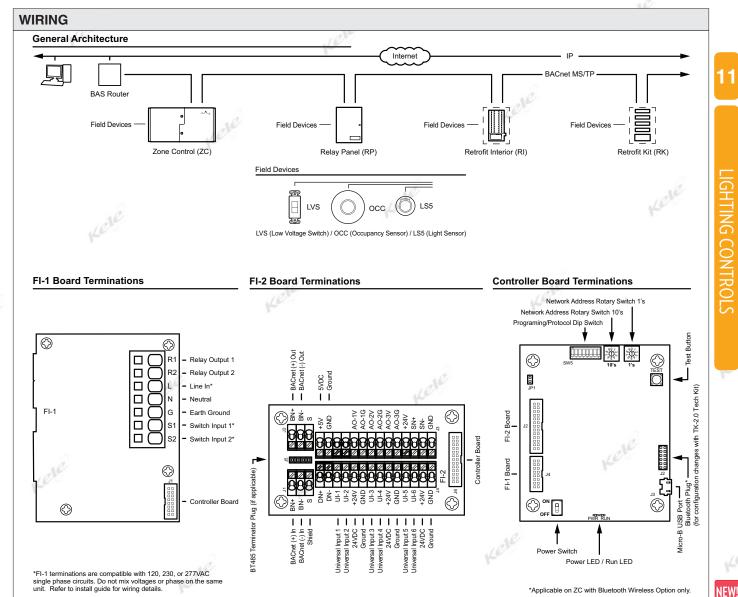

Zone Control Basic (ZC Basic) is a UL Listed distributed lighting controller in a compact junction box mounted package. ZC Basic may be scheduled from any BACnet BAS, and it is compatible with all low voltage override switches, occupancy sensors, and light level sensors. ZC Basic is suited for new or existing buildings, and may be scaled from basic to advanced occupancy and vacancy detection control sequences.

FEATURES

- UL Listed and Plenum Rated (UL E133813)
- · BACnet MS/TP communication to BAS network
- Line and low voltage compartment separation
- Micro-USB and Bluetooth (optional) ports for configuration
- Monitor and measure equipment performance
- Track lamp, ballast, and relay life
- · Track schedule, occupancy sensor, and manual control savings

LIGHTING CONTROLS

BLUERIDGE LIGHTING ZONE CONTROLLER

ZC BASIC SERIES

SPECIFICATIONS

Supply Voltage 120, 230 or 277 VAC ± 10%,

50/60 Hz

Resistive Load 20A @ 277VAC / 1.5HP @ 120VAC **Relay Type**

Mechanicall latching relays with manual override lever

Relays

Micro-B USB or Bluetooth Wireless **Connection Style**

Communication

Protocol BACnet MS/TP to BAS network

Network Max Length 4000 ft

Configuration Tech Kit 2.0

Override Manual Operating Temperature 0 to 140°F (-18 to 60°C)

Operating Humidity 10-90% RH non-condensing Mounting 4" or 4 11/16" juntion box

20ga steel white powder coat finish **Enclosure**

Enclosure Rating Plenum Rated, Type 1,

(dry / indoor envirnment) 10.0"W x 5.06"H x 2.50"D

Dimensions (25.4 x 12.9 x 6.4 cm)

3 lb (1.36 kg)

Weight

Approval UL listed, UL916, FCC Part 15,

CEC Title 24

Warranty 2 years

ORDERING INFORMATION

DESCRIPTION MODEL

ZCSB-00-00 Zone Controller, Switching Basic, 120/277, Max of 2-CH

ZCSB-00-BT Zone Controller, Switching Basic w/ BlueTooth, 120/277, Max of 2-CH

ACCESSORIES

TK- 2.0 Technicians Kit, includes Micro-USB Cable, USB flash drive with Essentials software,

USB Bluetooth Dongle, Bluetooth module, and Screwdriver
