ALTECH SPRING CLAMP SERIES DIN RAIL TERMINAL BLOCKS CX SERIES

Altech Corp.®

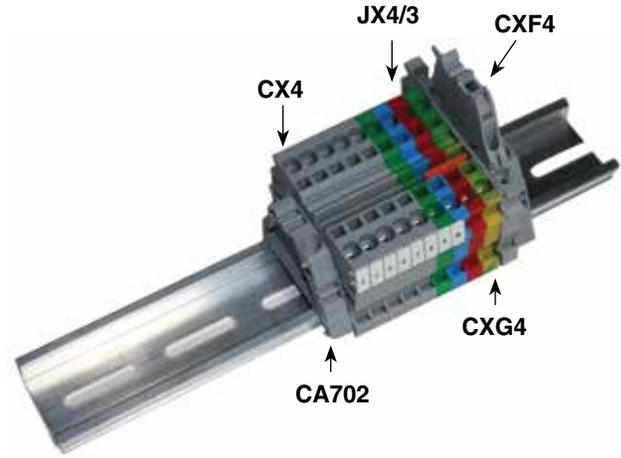

NEW!

DESCRIPTION

The Altech Model CX4 Spring clamp DIN rail terminal blocks offer a modular design for flexibility in layout and reduced installation time. Their unique profile allows for easy and ergonomic mounting. Marking surfaces can be read clearly from any angle in an enclosure due to side and top tag provisions. They offer push in jumpers with snap off poles making customizing your jumpers easy.

FEATURES

- Reverse mounting error-free; no short circuit possible
- Double deck blocks have two marking areas
- Side and center marking
- Complete set of accessories
