3M SCOTCHCODE TAPE DISPENSER STD

DESCRIPTION

The **ScotchCode Tape Dispenser STD** is a compact, carry along dispenser with ten refillable compartments that hold eight-foot rolls of non-smear polyester tape. Used for marking binder groups, wire or cable, the tapes' high tack, acrylic adhesive resists solvents, oil and water, and adheres firmly to insulation surfaces. An end-loop hooks the dispenser easily to a tool pouch or belt.
